

Set sail on life's voyage together aboard DreamCatcher.....

And make your wedding the romantic adventure you've always dreamt of.

Cruise through the majestic Whitsunday Islands on board an elegant, classic sailing ketch that will transport you to a timeless place.

Marry on board, to the gentle splash of sea against bow, as you gaze into your lover's eyes encircled by those closest to you.

Or alight on a deserted beach and marry to a backdrop of sand, sea and sky.

DreamCatcher weddings are all about capturing your dream.

Our yacht offers an opportunity for boutique, custom-designed weddings that capture the essence of you.

Whatever you want for your special day, we will work with you to make it truly memorable.

Don't settle for ordinary.

If marrying on world-famous Whitehaven Beach is your passion, let us take you there.

If being the only ones on the shores of an unknown, uninhabited island will make your dream complete, let us carry you there.

It's your day, do it your way.

*DreamCatchers are hung above a baby's cradle to protect the newborn.
According to legend, DreamCatchers allow only good dreams to come to the dreamer.
Follow your dream and make your wedding day your ideal fantasy.*
